

Welcome to Blue

Blue is a forward thinking company who design and build contemporary retreats on the Mediterranean coast of Turkey.

Blue has acquired an exceptional waterfront site in tranquil Kalamar Bay, near Kalkan, which will accommodate two sensational properties, the Boat House and the Glass House. Both properties are set in landscaped grounds, each leading down to the shoreline and their own beach platform and jetty.

Through expressive, spacious modern design and form, both properties offer comfortable, exclusive, private waterside living, with open plan designs featuring extensive glass walls providing light, luxury and exceptional character.

"Give me the luxuries of life and I will willingly do without the necessities." Frank Lloyd Wright
